

PROJECT ENGINEER CONSTRUCTION
ENGINEERING DEPARTMENT

The New Jersey Turnpike Authority is currently accepting resumes for the above position.

Desired Qualifications:

- BS in Civil Engineering or BA in Architecture with 7 years experience in managing construction projects.
- 7 years experience as a Resident Engineer.
- Registration as a Professional Engineer or Architect in the State of New Jersey, although not required, is desirable.

Oversight of roadway/bridge and facility construction projects involving management of outside consultants performing supervision and inspection activities for the Authority or actual on-site inspection and associated administrative functions, and assisting senior staff with project responsibilities. Applicants must be capable of working independently, possess strong management, organizational and written/verbal communication skills, be proficient with Microsoft Office and have a valid driver's license.

Excellent salary and benefit package. Send resume, with salary requirements to address below, or fax to (732) 750-5366.
